As part of our Health and Safety procedures we need to ensure all members are aware of the emergency exits should the worst happen. Please take the time to assess where these are located- there are six in total. The gathering point is in the park next door. Please keep access ways clear for emergency services. The **match committee** and **bar staff** are the wardens who will check to ensure the premises are clear before exiting themselves.

### Sign In Book.

Just a reminder that if we have guests with us, we need to have them sign the Visitors Book in the foyer. That enables them to participate in club refreshments.

A great big thanks to **Colin Meads** for his work in upgrading our kitchen. Many hours of work have gone in to this and we appreciate your excellent work.

Also, thanks to **Ross Harold** for building a new door for the mobility toilet. Just another example of the fine contributions members make to their Club.

A reminder to take care in where we place our bowls behind the mat. The protocol is to step forward after your shot but some of us step back and the last thing we need is a bowl under our feet.

The Club captains are keen to hear of any news from around our club and others. On their Friday chat they can then inform and acknowledge these matters.
