

Community Emergency Hubs OPENING SOON

We're establishing Hubs where you can pitch in to help your neighbours in an emergency.

Here, you can find information about what's happening in a disaster, and support others in the same situation.

Come along to an open day near you, meet your community, and find out what skills and resources you could share in a time of need.

**Join us at Matua Bowls Club on
23 February, between 6:30pm and 8pm**
